Academics

Student at St. Francis Institute Of Technology (B.E.)

CGPA: 9.45/10

Semester 1

SGPA: 8.78/10

Semester 2

SGPA: 9.18/10

Semester 3

SGPA: 9.87/10

Semester 4

SGPA: 10/10

Skills

Programming Languages

- Python
- C
- Java
- SQL

Front-end Technologies

- HTML
- CSS
- JavaScript
- react.js

Back-end Technologies

- Django
- PHP

Projects

• Notes App

Created a web application that allows users to login/register and make notes. This project was created using PHP and MySQL.

• Wikipedia Chatbot

Created a chatbot that takes verbal input from user, fetches information from Wikipedia and reads the result out loud. The project was built using Django which handles the back-end and allows users to save their searches. The front-end, speech synthesis and recognition is handled by JavaScript.
